# NORTHEAST-10 CONFERENCE

The Northeast-10 Conference is an NCAA Division II conference that was established in 1979. The NE-10 currently consists of 16 institutions throughout the Northeast including Connecticut, Massachusetts, New Hampshire, New York and Vermont.

The institutions that make up the Northeast-10 include Adelphi University (Garden City, N.Y.), American International College (Springfield, Mass.), Assumption College (Worcester, Mass.), Bentley University (Waltham, Mass.), Franklin Pierce University (Rindge, N.H.), Le Moyne College (Syracuse, N.Y.), University of Massachusetts Lowell (Lowell, Mass.), Merrimack College (North Andover, Mass.), University of New Haven (West Haven, Conn.), Pace University (Pleasantville, N.Y.), Saint Anselm College (Manchester, N.H.), Saint Michael's College (Colchester, Vt.), College of Saint Rose (Albany, N.Y.), Southern Connecticut State University (New Haven, Conn.), Southern New Hampshire University (Manchester, N.H.) and Stonehill College (Easton, Mass.).

The Saint Rose women's soccer team advanced to the NCAA Division II National semifinals for the second straight year. The Golden Knights finished the 2009 season with a 24-1-0 record.

The 16 member institutions are spread geographically from Syracuse, New York to Boston, Massachusetts and Burlington, Vermont to Long Island, New York. Many of the members are located in or around the urban metropolitan areas of Albany, Boston, New

Haven, Worcester and New York. The Conference was proud to welcome the University of New Haven and Adelphi University in its latest expansion, thus adding to the powerful union of strong academic and athletic colleges and universities.

The Northeast-10 has evolved into a membership committed to competitive athletics programs that emphasize the education on and off the field of its more than 5,500 student athletes.

Among the many accomplishments of these institutions are NCAA Division II National Championships in women's basketball, field hockey, men's lacrosse, women's lacrosse, men's soccer, women's track & field and men's and women's swimming & diving.

Bentley won its third regional title in the past four years after defeating Philadelphia, 81-69, to advance to the NCAA Division II Elite Eight.

The Northeast-10 has a strong history of nationally ranked teams in all sports. In the 2009-2010 academic year the conference had 74 different teams representing 15 institutions advance to NCAA postseason play.

The Adelphi women's lacrosse team won its second straight national championship after defeating West Chester, 17-7, in the title game.

The Northeast-10 had teams advance to the national championship game in field hockey, men's lacrosse and women's lacrosse. The UMass Lowell field hockey team made their fifth finals appearance in the last seven years during the fall season. The spring season also saw its share of championship fever as the Adelphi women's lacrosse team won its second straight national championship after defeating West Chester, 17-7, in the title

game. The Le Moyne men's lacrosse team advanced to its fifth straight national championship game.

From the field of play to inside the class room, the Northeast-10 honored a number of student-athletes for their academic accomplishments. The conference honored 233 student-athletes throughout the year that excelled at a high level on the field and in the classroom as members of the academic all-conference teams. In addition, over 2,700 student-athletes earned a 3.0 GPA or higher and earned Commissioner's Honor Roll achievement during the fall and spring semesters.

Today's Northeast-10 Conference remains focused on complementing the academic integrity and missions of the member institutions with a commitment to a broad-based championship program, as evidenced by the 23 sports the Conference offers in championship play, the most such of any Division II conference.

Through the establishment and enforcement of regulations, the conference aims to encourage policies that enable intercollegiate athletics programs to contribute to and be considered an integral part of the total educational offerings at our member institutions.

The Northeast-10 can look to a long history of success including the growth from seven original member institutions to more than double its size almost 30 years later, the contention for and winning of numerous/multiple national championships, and the recognition of student-athlete performances off the field and in the classroom.
