PHYSICAL EDUCATION REQUIREMENT AND REGISTRATION

PHYSICAL EDUCATION REQUIREMENT

Physical Education is a degree requirement. The physical education program concentrates on lifetime sports, so that all students leave Middlebury College with exposure to sports or recreational activities in which they have developed a degree of skill and interest, which will be an asset to them in later years. Each class meets for one hour per day unless otherwise noted.

REQUIREMENT:

Before graduation, students must complete two different activities to receive the required two credits. Students who have not completed their requirement by the second semester of their senior year will not be eligible to graduate.

Students may use participation on varsity and junior varsity intercollegiate teams as a way of satisfying the physical education requirement. No more than one of the two physical education credits may be earned from participation in a single sport. Two-sport athletes may satisfy both physical education credits through participation on varsity and junior varsity intercollegiate teams.

The Physical Education department also recognizes participation in six club sports. The six club sports that can receive a physical education credit are Rugby, Crew, Water Polo, Aikido, Sailing and Cricket, which have a coach on site for practices and games. In order to receive a physical education credit, students must participate in one full semester of Crew, Rugby, Water Polo, Sailing or Cricket. Students in Aikido must attend 20 classes per semester. Each of these club sports will equal one Physical Education credit.

Physical Education credit may also be received by presenting certification cards in American Red Cross or American Heart Association Standard Adult First Aid and CPR, or PADI or NAUI scuba. One credit for each different certification may be obtained if the certification was completed during the student’s academic time at Middlebury.

We encourage students to take as many PE courses as desired beyond the two required, but they must sign up through Banner during the registration period.

Dance Courses (as available): Physical Education credit can be received by successful completion of the following dance classes - varying levels of ballet, jazz, and modern dance (DANC 160, DANC 161, DANC 162, DANC 260, DANC 261, DANC 276, DANC 360, DANC 361, DANC 380, DANC 381).

REGISTRATION:

Registration for all P.E. classes is done on Banner. NO ADD CARDS ARE USED BY THE P.E. DEPARTMENT. All changes to class selections MUST be done through Banner during the registration period.

REGISTRATION PROCESS AND DATES:

The registration period for P.E. classes is different than the drop/add period for academic classes and is done only on Banner. The registration period starts at the same time as the academic period, but the deadlines are as follows:

- Fall I, 2017 – ends on August 25, 2017
- Fall II, 2017 – ends on September 29, 2017
- J-Term 2018 – ends on December 8, 2017
- Spring I, 2018 – ends on January 26, 2018
- Spring II, 2018 – ends on February 27, 2018

COURSE SESSIONS:

The department schedules two seasons of instructional courses in the fall and spring terms and one season in the winter term. Registration is on a first-come, first-served basis and is open to students electing courses on a space-available basis. If you change your mind about a course selection, you must make any changes in Banner during the registration period. This can open up space in a class for another interested student.

Students unaware of their physical education record should check with the PE Administrative Associate in the Field House to ensure completion of their program prior to graduation. The Registrar’s Office processes credits from transcripts for students transferring to Middlebury.

All requests for medical waivers must come from the student’s physician. Injuries and illnesses suffered on campus will be considered as exceptions to the previous statement and will be handled by the College health center.
