PHYSICAL EDUCATION REQUIREMENT AND REGISTRATION

Physical Education is a degree requirement. The physical education program concentrates on lifetime sports, so that all students leave Middlebury College with exposure to sports or recreational activities in which they have developed a degree of skill and interest, which will be an asset to them in later years. Each class meets for one hour per day unless otherwise noted.

REQUIREMENT:

Before graduation, students must complete two different activities to receive the required two credits. Students who have not completed their requirement by the second semester of their senior year will not be eligible to graduate.

Students may use participation on varsity and junior varsity intercollegiate teams as a way of satisfying the physical education requirement. No more than one of the two physical education credits may be earned from participation in a single sport. Two-sport athletes may satisfy both physical education credits through participation on varsity and junior varsity intercollegiate teams.

The Physical Education department also recognizes participation in six club sports. The six club sports that can receive a physical education credit are Rugby, Crew, Water Polo, Aikido, Sailing and Cricket, which have a coach on site for practices and games. In order to receive a physical education credit, students must participate in one full semester of Crew, Rugby, Water Polo, Sailing or Cricket. Students in Aikido must attend 20 classes per semester. Each of these club sports will equal one Physical Education credit.

Physical Education credit may also be received by presenting certification cards in American Red Cross or American Heart Association Standard Adult First Aid and CPR, or PADI or NAUI scuba. One credit for each different certification may be obtained if the certification was completed during the student’s academic time at Middlebury.

We encourage students to take as many PE courses as desired beyond the two required, but they must sign up through Banner during the registration period.

Dance Courses (as available): Physical Education credit can be received by successful completion of the following dance classes - varying levels of ballet, jazz, and modern dance (DANC 160, DANC 161, DANC 162, DANC 260, DANC 261, DANC 276, DANC 360, DANC 361, DANC 380, DANC 381).

REGISTRATION:

Registration for all P.E. classes is done on Banner. NO ADD CARDS ARE USED BY THE P.E. DEPARTMENT. All changes to class selections MUST be done through Banner during the registration period.

REGISTRATION PROCESS AND DATES:

The registration period for P.E. classes is different than the drop/add period for academic classes and is done only on Banner. The registration period starts at the same time as the academic period, but the deadlines are as follows:

Fall I, 2017 – ends on August 25, 2017
Fall II, 2017 – ends on September 29, 2017
J-Term 2018 – ends on December 8, 2017
Spring I, 2018 – ends on January 26, 2018
Spring II, 2018 – ends on February 26, 2018

COURSE SESSIONS:

The department schedules two seasons of instructional courses in the fall and spring terms and one season in the winter term. Registration is on a first-come, first-served basis and is open to students electing courses on a space-available basis. If you change your mind about a course selection, you must make any changes in Banner during the registration period. This can open up space in a class for another interested student.

Students unaware of their physical education record should check with the PE Administrative Associate in the Field House to ensure completion of their program prior to graduation. The Registrar’s Office processes credits from transcripts for students transferring to Middlebury.

All requests for medical waivers must come from the student's physician. Injuries and illnesses suffered on campus will be considered as exceptions to the previous statement and will be handled by the College health center.

Some of the FAQs:

How do I know what classes are held  
during Fall I versus Fall II, etc?  
Fall I classes start with an 0100 series  
number.  
Fall II classes start with an 0200 series.  
J-Term classes start with an 0300 series.  
Spring I classes start with an 0400 series.  
Spring II classes start with an 0500 series.

Can I just show up to a class and  
register or add there?  
A student who is not pre-registered on  
Banner for a PE class, will NOT be allowed  
to enter the class.

Can I get a refund on my PE class?  
Refunds to your account will ONLY be  
issued if you drop the class online during  
the drop period or if you notify the PE  
Administrative Associate prior to the first  
day of the class (except for First Aid/CPR  
which has a set date sent in an email to the  
students who are registered). No refund will  
be issued after that time, regardless of the  
situation.

Can I simply take a class if I don’t want  
the credit for it without being registered  
on Banner?  
Students must be enrolled on Banner in  
order to participate in any PE class,  
whether the intention is to receive a PE  
credit or not.

How are PE “credits” applied?  
One must complete 8 hours of class  
instruction time (7 hours during J-  
term) to receive a PE credit. All  
credits will be posted on your  
transcript at the end of the academic  
semester.

Does a PE “credit” affect my GPA?  
PE “credits” do not carry a grade  
point and will not affect your GPA.  
They will also not appear as an  
incomplete if you were unable to  
fulfill enough hours to receive a PE  
credit.

Can I make-up a class at a later  
date?  
Banner is set up to acknowledge  
separate semesters of the school year.  
All “credits” must be applied during  
that particular semester. No credit can  
be given if not met during that  
semester.

Does my participation on an  
intramural team get me a PE  
credit?  
No. PE classes are instructional  
classes. Attendance is also a key factor  
in receiving a PE credit. Therefore,  
participation on an intramural team  
will not earn you a PE credit.

I have current American Red Cross  
First Aid and CPR certification  
cards? Can I show those for a PE  
credit? What about Scuba  
certification cards?  
Yes, American Red Cross or  
American Heart Association adult  
First Aid and CPR certification will  
get you ONE PE credit if it’s  
obtained during your tenure at  
Middlebury. The cards must be shown  
to the Director of Physical Education,  
Sarah Raunecker for verification.  
NAUI or PADI certification cards will  
also get you one PE credit if it was  
earned during your time at  
Middlebury.

I have heard that there are Student  
Activities workshops during J-term  
that give PE credit. How do I find  
out about those?  
There are a large number of Student  
Activities workshops available during  
J-term. A listing of all of the  
workshops is available late November  
and those receiving PE credit are  
noted in the list of workshops.  
Contact Student Activities for  
information on these workshops.
