Outside Competition

- Student-athletes are permitted to compete on outside teams in between segments (ex: summer break).
- A student-athlete may participate in outside competition as an individual during the academic year in his/her sport as long as he/she represents only him/herself in the competition and does not engage in such competition as a member or receives expenses from an outside team.
- Student-athletes are NOT permitted to compete on outside teams during Kalamazoo College’s intercollegiate season.
- A student-athlete may compete in one alumni game per year at his/her former high school. For all sports other than basketball, this game must take place during an official vacation period of Kalamazoo College’s academic year (winter/spring/summer break).
- Any student-athlete who competes in a collegiate all-star contest shall be denied further eligibility in that sport.

Camp / Clinic Employment

- Student-athletes may be employed by athletics events (institutional or non-institutional) involving prospective student-athletes provided:
  - The student-athlete performs administrative duties (check-in, paperwork, etc.) in addition to any coaching or officiating duties
  - A student-athlete who only lectures or demonstrates may not receive compensation
  - A student-athlete with remaining eligibility is not permitted to conduct his or her own event involving prospective student-athletes

Please direct questions and concerns to the compliance coordinator in the athletic department.
